

### Malala Yousafzai

She was born in Pakistan in 1997 and is the youngest person to ever receive the Nobel Peace Prize.

Her dad wanted her to have the same opportunities as boys do in Pakistan.

At aged 15 she spoke out about girl's rights to education.

She moved to England and campaigned for girl's rights to be equal.

### Does EVERYTHING have a right?

All Mammals have rights- See science KO

However, we need to respect and care for all living things as they do not have the voice to do this themselves.

### Human Rights: Why am I important?

#### What are some of our rights as children?

- The right to a name
- The right to be alive
- The right to stay safe
- The right to privacy
- The right to food, clothing and a safe place to live
- The right to education
- The right to play and rest

### Vocabulary

Equal—being treated the same.

Nobel Peace Prize—prizes given each year to people who have done important work for World Peace / change.

Peace—free from disturbance.

Privacy—having your own space where people can't see you.

Rights—something every person should have or be able to do. All children have the same rights.

Right to Education—every child being able to go to school.

# Science K.O: Human Rights- Animals including humans - Year 1

**Mammals**

- human
- mouse
- dog
- cow

**Birds**

- penguin
- chicken
- flamingo
- robin

**Fish**

- goldfish
- tuna
- shark
- eel

**Reptiles**

- snake
- tortoise
- lizard
- alligator

**Amphibians**

- frog
- toad
- nwt
- salamander

| Key Vocabulary    |   |
|-------------------|---|
| <b>amphibians</b> | Amphibians live in the water as babies and on land as they grow older. They have smooth, slimy skin.            |
| <b>birds</b>      | All birds have a beak, two legs, feathers and wings.  |
| <b>fish</b>       | Fish live and breathe under water. They have scaly skin, fins to help them swim and they breathe through gills. |
| <b>mammals</b>    | Mammals are animals that breathe air, grow hair or fur and feed on their mother's milk as a baby.               |
| <b>reptiles</b>   | All reptiles breathe air. They have scales on their skin.   |
| <b>carnivore</b>  | Animals that mostly eat other animals (meat) are carnivores.  |
| <b>herbivore</b>  | Animals that only eat plants are herbivores.  |
| <b>omnivore</b>   | Animals that eat both plants and other animals are omnivores.   |

**LIVING & NON LIVING THINGS**

Trees are living things. Dogs, cats, fish, snakes, bees and people are also living things. Living things, such as Mammals have rights.

Dry leaves on the ground are dead, but they were once part of a living tree. Bones were once part of a living animal that now is dead. Anything Metal, stone or plastic has never been alive.
